EDUCATION

Portland Community College | Transfer

04 April 2016 – 20 June 2018 | Portland, Oregon

- Studied English as a Transfer focus, refining my compositional writing and engaging with scholarly research on a variety of social issues.

Portland State University | Applied Linguistics

26 Sep 2018 – 22 March 2020 | Portland, Oregon

- Focused on the Descriptive Linguistic approach to language study, as well as teaching English as a Second or Other Language (ESOL).

Epicodus | JavaScript, C#, and React

22 Mar 2022 – Present | Portland, Oregon

- Studying to develop a strong sense of Object Oriented programming with JavaScript and C#, as well as working with databases, APIs, and Functional Programming.

SKILLS

- JavaScript | TypeScript | React
- Adobe InDesign | PhotoShop
- Python | Django
- Redux | Firebase

- Communication | Adaptability
- Strong Organization
- Near Fluency in Spanish
- Eager to Learn and Grow

JAKE EDGAR

Software Engineer | Portland, OR

CAREER GOALS

After a decade of teaching myself Graphic Design, either via menu development at my restaurant, or as the Managing Editor of my school's student newspaper, I found that my real passion with what happened behind the scenes. Software Development takes me to places of both challenge and creativity that weren't possible before, and I can't wait to share my passion for beautiful, memorable, and functional art with the world, one website or app at a time.

WORK EXPERIENCE

Chef de Cuisine - Verdigris Restaurant

01 July 2020 – 30 March 2022 | Portland, Oregon

- Collaborate with Head Chef for all menu items with a focus on local ingredients.
- Train all new back of the house staff according to company policies, and coordinate prep for Brunch and Dinner services.

English Tutor - Portland Community College

01 Aug 2018 – 20 June 2020 | Portland, Oregon

- Facilitate a workflow for students that encouraged exploration while also providing concrete feedback on their work.
- Assist students from a variety of backgrounds and skill levels in English reading and writing.

Managing Editor - "The Bridge" Newspaper

01 Aug 2016 – 14 June 2018 | Portland, Oregon

- Work alongside Student Writers at PCC to develop relevant and entertaining content.
- Produce a print ready newspaper twice monthly using Adobe InDesign, and Manage our WordPress site to address update frequency and SEO usage.

MY PROJECTS

- My Professional Website**
 - A simple React and Typescript website with information about myself as a Professional and links to some of my work.
- Trading Card Game Deck Generator**
 - A Javascript API project made during Team Week at Epicodus that randomly Generates a 60 card deck from either the Magic the Gathering, or Pokemon TCG.
